

Nguyen Manh Truong (Matthew)

Software Engineer

I am a versatile and skilled front-end developer with a passion for creating visually stunning, user-friendly and intuitive interfaces. My expertise in React, Angular, Vue.js, and other JavaScript frameworks, as well as my knowledge of backend coding and blockchain, enables me to deliver high-quality, cross-functional projects. I am always keeping an eye on the latest technologies and best practices to bring innovative solutions to my clients.
